EXECUTIVE SUMMARY

Aspiring AI Developer with a strong foundation in Computer Science and practical experience in Python, Java, and C. Specialized in machine learning and modern AI technologies, including Large Language Models (LLMs) and Retrieval-Augmented Generation (RAG). Focused on building intelligent, AI-driven solutions and exploring real-world applications of artificial intelligence. Passionate about advancing in the AI domain and continuously learning emerging technologies.

EDUCATION

Karunya Institute of Technology and Sciences, Coimbatore	2024 – 2028
B.Tech in Computer Science and Engineering	CGPA: 6.68

SKILLS

Python, C, Java, SQL, MS Excel, Data Cleaning, Data Visualization, Machine Learning, RAG, LLM, Tableau, Power BI

INTERNSHIP

Java Developer Intern, Phoenix Softech	Jun 2025 – Jul 2025
--	---------------------

- Completed a virtual internship focused on core Java programming fundamentals
- Worked on small tasks related to web development (frontend and backend basics)
- Gained hands-on experience in Java concepts and basic application development

PROJECTS

Multi-Agent Research Team (AI-Based)

- Engineered a scalable multi-agent AI system using LLM orchestration to solve complex research workflows
- Implemented context compression, reducing token usage by ~70–80% while maintaining output quality
- Designed distributed agent architecture (Coordinator, Researcher, Analyst, Summarizer) for task decomposition and collaboration
- Built efficient inter-agent communication pipeline for structured reasoning and response aggregation

Smart Pill Reminder (IoT-Based System)

- Built an IoT-based smart medicine reminder system with adaptive learning features
- Sends timely alerts and adapts reminders based on user behavior
- Implemented using microcontroller and basic automation concepts

ACHIVEMENTS

- Completed IBM Artificial Intelligence Fundamentals course
- Completed Java Programming Fundamentals course by Infosys Springboard
- Completed Introduction to Power Query in Excel Basics Course by Microsoft
- Completed Microsoft Excel course by Infosys Springboard
- Completed Python Introduction course by Infosys Springboard
