PROFESSIONAL SUMMARY

Motivated and detail-oriented Engineering student specializing in Artificial Intelligence and Data Science, with a passion for solving real-world problems through smart tech solutions. Skilled in machine learning, Python, and data analysis, with hands-on experience from projects and an internships. Known for quick learning, adaptability, and a get-things-done attitude. Actively seeking opportunities to contribute to impactful, AI-driven innovations.

EDUCATION

Lakshmi Matric Higher Sec School

- HSC-89%
- SSLC-89%

Saranathan College of Engineering

- CGPA-7.7699

EXPERIENCE

Python Development Intern at OCTANET SERVICES PVT LTD

- In this internship I have demonstrated an Automated Teller Machine Interfaces to know about the Transactions Full Stack in python at RETECH SOLUTIONS PVT LTD
- Here I have executed the task in the project titled "Developing a Django based doctor appointment system".

UI/UX Design Intern at COGNIFY TECHNOLOGIES

Web development at CODEBIND TECHNOLOGIES

- I have developed a website on the topic of College Management System by using HTML,CSS&PHP.

CERTIFICATES

- Advanced Software Engineering Job Simulation-Forage
- AI in Pharma and Healthcare, Inlusto, 09/01/23, 01/31/24.
- Machine Learning Workshop, NIT Trichy, 03/01/24, 03/31/24.
- Cross Platform Mobile Application Development using Flutter.
- GenAI Powered Data Analytics Job Simulation - Forage
- Fog Computing using Industry 5.0, University College of Engineering, BIT Campus.
- AI & DS in Environmental Sensing, Saranathan College Of Engineering.
- Data Analytics Job Simulation - Forage
- Cloud Computing, AI, GenAI - Microsoft

ACCOMPLISHMENT & PROJECTS

- Won Second price in product marketing in Infinito'23, 09/01/23, Care College of Engineering.
- Participated in Science project expo, 02/01/23, Developed a model based on recycling of environmental wastes.
- Participated in Hackathon and done project of SAVESENSE in KRCET College.
- Selected among Top5 finalist teams out of 120+ in Sindhanai Hackathon and done project of Plant Disease Detection in SRM Trichy.
- Attended International Conference on Advances in Aerospace and Navigation Systems(ICAAN2025)

SKILLS

- Python
- Java
- HTML & CSS
- FastApi
- JavaScript

LANGUAGE

- Tamil
- English

TOOLS & FRAMEWORKS

- Excel
- Powerbi
- VSCode
- Github
- Django
- Google Cloud Platform
